## **The Pak-Lite “Super”, Original and Basic Models**

The **Pak-Lite** has been used by the U.S. Military for several years now. The **Pak-Lite**, which snaps to a 9 volt battery, has been thoroughly tested, and field proven. Dropped from an airplane, frozen in a block of ICE, and left on continuously for 1 year are several ways it has been tested. Listed below are the Specifications of the **Pak-Lite Original**, **Pak-Lite Basic**, and the **Pak-Lite “Super”** models.

### **The New Pak-Lite “Super” \$24.99 - \$26.99 (Top of the Line)**

- 2 “Super” Bright White LED Bulbs (100,000 hours)
- Switch – Same as Original Pak-Lite (Military version)
- Cap Colors: All available colors including “Glow-in-the-Dark”
- Burn Time: Alkaline Battery on High – 30 hours, Low – 600 hours. (Normal use 1 yr.)  
Lithium Battery on High – 80 hours, Low – 1200 hours. (Normal use 2 yrs.)
- Total Weight: 1.5 oz.

### **The Pak-Lite Original (Military version) \$24.99 – \$29.99**
